

FLOOD CONDITIONS IN SOUTHEASTERN TEXAS

8 DEAD FROM DROWNING OR LIGHTNING SHOCK

MANY STREAMS OUT OF BANKS AND DAMAGING LOWLAND CROPS

NEAR CLOUDBURSTS REPORTED IN SOME SECTIONS IN LAST FEW DAYS

Dallas, Tex., April 23.—(UP)—Flood conditions existed today in virtually all streams converging on the gulf in southeastern Texas, as the result of torrential rains in the central section of the state during the week.

Warnings broadcast by the weather bureau at Houston advised that lower south Texas streams would probably reach their crests today or Saturday. Many streams were out of banks and damaging lowland crops. Early flood warnings allowed escape of residents in threatened sections and the removal of property and livestock.

Eight persons have died from drowning or lightning in the storms and near cloudbursts reported in some sections during the last few days.

SPRING CONVENTION OF BOOTLEGGERS HELD IN CHICAGO

Chicago, April 23.—(UP)—The spring convention of Chicago bootleggers today is deadlocked as the chairman and other leading lights of the conference are in dingy cells at Central police headquarters.

Chairman Joe Saltis—commonly known in better beer running circles as "Black Joe"—faces a charge of carrying concealed weapons. Other officers of the convention moan over lesser charges.

The convention of liquor providers was called into session late Thursday in a better-known west side saloon. There was much to be discussed for the ensuing months.

Matters of finance were just reached when police discounteously wandered into the place and started rounding up the high lights of Chicago's millionaire profession.

Seated around the convention table—over frothy glasses incidentally—were some of the boys whose names have become synonymous with murder investigations and beer running exploits. These included:

Walter Stevens, termed one of Chicago's most courageous criminals.

Frank McElrane, who heads a gang. He has been termed "Chicago's most dangerous gangster."

Buster Brown, well known in underworld circles.

Danny Hartnett, termed a "good beer driver."

"Sorry, boys, but the chief wants to see you," Captain Stege, deputy chief of detectives, said when he walked into convention headquarters.

"Convention adjourned," Saltis came right back at him. There was a shuffling of feet and the delegates—to whom an arrest is a mere incident—prepared for an overnight sojourn at police headquarters.

While police were waiting for the convention to put through its adjournment motion they chanced to survey the convention headquarters. There were 50 sawed off shot guns on hand and about 50 rounds of ammunition—"good for the summer's beginning," according to Stege.

The delegates taken in last night's convention all face old charges which have been piling up against them for several months.

TOPICS ON WELFARE OF COMMUNITY

Ellendale, Minn., April 23.—(UP)—Leading residents of Ellendale will be speakers on topics concerned with community welfare and community progress tonight, when the village's second annual "community meeting" is held. The meeting, a project of the Ellendale Business and Professional club, is expected to provide a new program for local improvement such as that which resulted from last year's meeting.

SUMMER WEATHER FADED AT ST. PAUL

St. Paul, April 23.—(UP)—Summer weather of the last two weeks faded today with the sky thickly overcast and a light rain. Temperatures dropped in the northwest from 70 above to below 50.

7 NEGROES ARE DEAD AS RESULT OF TENEMENT FIRE

Philadelphia, April 23.—(UP)—Seven negroes are dead as the result of a fire that occurred through a four story brick store and tenement here today. Six of the victims were suffocated and the other was killed by jumping to the pavement from the fourth floor.

MAYOR DEVER TELLS EXPERIENCES IN ENFORCEMENT

BOOTLEGGERS AND BEER MAKERS BESIEGE CITY FROM SUBURBAN RENDEZVOUS

NEED PATIENT, COURAGEOUS STUDY OF THE WHOLE LIQUOR LAW

Washington, April 23.—Bootleggers and beer makers besiege the city of Chicago from suburban rendezvous, Mayor William Dever of the nation's largest city, told the prohibition committee.

"There are no public vice resorts in the city itself," the mayor said, "but the men we have chased out of town congregate in hordes in Cicero and other outlying settlements."

"In Evanston and Oak Park, where the law is being enforced, we have no trouble, but in other suburban sections we do not obtain co-operation of the local police."

"We can enforce this law, just as we are enforcing it in Chicago. We can by pressure bring about respect for law."

The mayor said that District Attorney Olson against whom he made an attack yesterday, for Olson's earlier committee observations, had "made his retractions too late."

Dever criticized some judges who, he said, "interfere with our work," because they do not believe in the prohibition law and refuse to think the people believe in it.

"You know that in some sections which do not believe in a law even the judges refuse to enforce it," he added. "That is the case in certain sections of Chicago. There are wards in which no man can be elected if he favors the Volstead act."

Dever said the increase of arrests for drunkenness in his city amounted to 704 per cent since 1918, deaths from alcoholism 448 per cent as reported by the health department and 607 per cent as reported by the morgue.

"What we need is patience, courageous, intelligent, tolerant study of the whole liquor problem," he said. Dever said home brewing was widespread in Chicago.

"Private stills are most difficult to get at," he said. "The most dangerous writ in the history of justice is the search warrant by which we invade the private homes of citizens."

"I will not stand for any such practice as long as I am mayor of Chicago. It means violation of the law to invade homes. The police will not do it and the people will not stand for it. Even law cannot be enforced when it becomes too oppressive."

MORRIS GEST IN MOVIES AT PRINCELY WAGE

New York, April 23.—(UP)—Morris Gest has gone into the movies at a reputed salary of \$250,000 a year. The Beatrice producer is under contract with the United Artists Corporation to produce one picture a year for six years to be known as "Morris Gest's Spectacles." The first production will be "The Darling of the Gods."

GRADE CROSSING PROBLEM CONSIDERED IN WISCONSIN

Madison, Wis., April 23.—(UP)—Officials of the state highway commission, railroads operating in Wisconsin and members of the railroad commission met here today to consider a definite program of grade crossing elimination in the state. The subject of budgeting the proportionate cost of the railroads and the public will also be discussed.

CONFERENCE IN TEXTILE STRIKE IS CALLED OFF

GOVERNOR HARRY A. MOORE TAKES SUCH ACTION TODAY

ALBERT WEISBORD, STRIKE ORGANIZER, REFUSED TO STEP ASIDE

Passaic, N. J., April 23.—(UP)—The proposed conference to negotiate a settlement of the New Jersey textile mills strike was called off today by Governor Harry A. Moore.

The governor announced at his home in Jersey City that since Albert Weisbord, strike organizer, had refused to step aside and permit only actual mill employees to conduct the negotiations, the strike conference would not convene today.

Moore said that when he had selected a committee to attempt mediation he contemplated that Weisbord, an alleged communist, should have no place at the conference table.

"Weisbord is an outsider and is not interested in a real settlement of the strike and I must decline to have any dealings with him in this matter," said the governor.

Passaic, N. J., April 23.—Negotiations towards bringing to an end the 13 weeks old textile mills strike were scheduled to begin today under inauspicious circumstances.

Election by the United Front committee of Albert Weisbord, strike leader, as one of the workers' delegates to confer with Governor A. Harry Moore's mediation committee and representatives of the mill owners, has rendered uncertain the prospects of settlement.

It has been understood that the mill owners consented to negotiate only with their actual employees and Weisbord, an alleged communist, is recognized as an outsider. Weisbord informed Harry F. Hillers, secretary of the state federation of labor and a member of the governor's committee, that he would not attend the conference unless the United Front committee demanded that he do so.

The strikers' organization apparently determined to stand by Weisbord and let him lead the fight for the seven demands which brought about the strike, taking close to 14,000 workers from the mills.

These demands included a wage increase of 10 per cent, a retroactive return of the 10 per cent wage cut made last fall in all but one mill, the Forstmann-Huffman; time and a half for overtime work; establishment of a 44 hour week; recognition of the union with no discrimination between union workers and improvement of sanitary conditions in the mills.

DUCHESS AND BABY THRIVING

London, April 23.—(UP)—The Duchess of York and the baby princess which she presented the duke the day before yesterday passed a very comfortable night, their physicians announced from No. 17 Bruton Street today. The babe is the third grandchild of King George and Queen Mary, and may some day sit on the throne. Her father is the second son of the royal pair.

FENCE OF BAYONETS RINGS COURT HOUSE

Madisonville, Ky., April 23.—(UP)—A fence of bayonets ringed the Hopkins county court house today, as the trial of Columbus Hollis, Nathan Bardand and Bunyan Fleming, alleged negro bandits, for the criminal assault of Miss Nell Brethaupt, 16-year-old white girl, was scheduled to begin.

Brigadier General Eberle Carter was in charge of the troops numbering 300. Machine guns have been placed at the county jail and at the court house and every precaution was taken to prevent any possible uprising.

The county grand jury went into session early this morning. Circuit court is in special session and will open as soon as indictments are returned against the negroes and they have been arraigned before Judge Ruby Lafoon.

ROOSEVELT FOR MODIFICATION OR REPEAL OF DRY LAW

New York, April 23.—(UP)—Modification or repeal of the Volstead act is necessary to check the murder wave and other crimes that have followed in its wake. Theodore Roosevelt said at the annual dinner of the Bureau of Advertising of the American Newspaper Publishers association here. Less law and stricter enforcement of the laws that existed was cited by Roosevelt as the country's most pressing need.

Other speakers at the dinner included Sir Charles Higham, British advertising expert; Dr. S. Parkes Cadman, president of the Federation of Churches of Christ in America, and Will Rogers.

Sir Charles expressed great faith in American newspapers and praised the influence of their news and advertising.

The convention of the publishers association will end its three day session today with the election of officers and action on a proposal to increase the dues and extend the organization's activities.

MODERNISM IN THEOLOGY IS NOTHING NEW

DR. G. A. BRANDEGLD TELLS AUGUSTANA LUTHERAN SYNOD

MODERNISM DATES BACK AS FAR AS TIME, BUT IS NOT GROWING

Red Wing, Minn., April 23.—(UP)—Modernism in theology is not new, Dr. G. A. Brandegld, Rock Island, Ill., told the 68th annual Lutheran synod here today. He is president of Augustana synod.

"The Christian church grows stronger every year," he said. "Modernism in theology dates back as far as time, but it is not growing as the church."

The need of the church today is more ministers, he said. In this synod 112 new pastors are needed now. There are 16 vacancies in Minnesota alone.

Charities were discussed today. Some laymen from St. Paul put up a long fight today for a new location for the proposed new Bethesda hospital, now located in the wholesale district.

The new site selected is between Park Avenue and Capital boulevard, two blocks from the state capital. Laymen today sought to have the synod reverse its previous decision and select a new site. The arguments were still on at noon.

STANLEY BALDWIN SEEKS TO AVERT MINERS' STRIKE

TAKES PERSONAL CHARGE OF ATTEMPTS AT CONCILIATION

INDUSTRIAL DISORGANIZATION INEVITABLE IF STRIKE SYMPTOMS NOT AVERTED

By CLIFFORD L. DAY

London, April 23.—Stanley Baldwin today took personal charge in the struggle to avert a mine strike on May 1, and the industrial disorganization which would inevitably follow.

Baldwin presided over a joint meeting of miners and mine owners' representatives at the ministry of labor. After nearly two hours of discussion the owners' representatives, led by Herbert Smith, left the conference room and five minutes later they were followed by the miners. Baldwin will meet with a sub-committee of the owners' executive committee later today.

It was understood that the morning conference discussed the possibility of a government loan to the coal industry to enable the mines to operate without too great a reduction in wages. Interest on the loan would be paid by equal contributions from the government, the mine owners and the miners.

There are indications that this proposal may break a stalemate.

"WOMEN AND LIQUOR SHOULD NEVER MIX"

MRS. FREDERICK M. PAIST GIVES UNITED PRESS INTERVIEW

IS PRESIDENT NATIONAL ASSOCIATION YOUNG WOMEN'S CHRISTIAN ASSOCIATION

Milwaukee, Wis., April 23.—(UP)—"Women and liquor should never mix," said Mrs. Frederick M. Paist, Philadelphia, president of the National Association of the Young Women's Christian Association, in convention here, in an interview with the United Press.

"The dignity of the American women must be preserved," Mrs. Paist said, "and that is well nigh impossible if she saturates herself with liquor."

Mrs. Paist is a firm believer in prohibition and holds to the opinion that it is doing the country a great good despite the fact authorities are finding it difficult to enforce the law.

"The modern girl is not any worse than her sister of yesterday," Mrs. Paist declared. "Her faults, however, with the pomp and display of modernity, are more conspicuous and therefore cause a good deal more discussion. People who consider the actions of the modern girl deplorable are merely emphasizing the bad and failing to consider the good."

"The young people of today live in a bigger world, with the movies, radio and automobile to add to complications and those that sometimes appear bad have merely lost their way in a maze of mimicry and unoriginality. Those who are causing the most trouble are just following the footsteps of others, they lack the spirit of creation and are restless. That is one of the duties of the Y. W. C. A., to give the girl of America something substantial to occupy her mind," Mrs. Paist said.

In speaking of the automobile, Mrs. Paist admitted that while it does offer a problem, it is also a means of combatting isolation in the sparsely populated districts.

"I was brought up in North Dakota, where the snow kept us inside for weeks at a time," said Mrs. Paist who is a sister of Secretary of Navy Wilbur. "Sometimes we went almost crazy looking out at the snow and desolation. The automobile may bring its problems, but to my mind isolation is a great deal worse."

LONGEST OVERSEAS HIGHWAY IN WORLD PLANS ANNOUNCED

Minneapolis, April 23.—(UP)—Plans for the longest overseas highway in the world were announced here today.

The C. A. P. Turner Company holds an option and expects to start construction this summer on the highway from the mainland at Key West, Fla., so that motorists may reach the key. Monroe county has agreed to tolls on the bridges, which it is estimated will produce a 13 per cent return on an investment of \$14,000,000.

The bridge part of the highway would consist of 2,000 forty-foot spans. Seven miles would be filled in with dredgings from the bottom of the ocean. The company is building a bridge across the Minnesota river at Mendota which will be the longest concrete bridge of its type in the country.

NEW PROPOSAL TO SETTLE THE FRENCH DEBTS

SUBMITTED BY THE FRENCH AMBASSADOR, HENRI BERENGER

RECEIVED BY AMERICAN DEBT FUNDING COMMISSION

By JOSEPH S. WASNY (United Press Staff Correspondent) Washington, April 23.—A new proposal for settling the \$4,377,000,000 French war debt was submitted today to the American debt funding commission by French ambassador, Henri Berenger. Its details were not immediately available.

Subsequently, however, it developed that the Berenger offer contemplated a 62 year payment plan, with initial payments the first five years amounting to \$25,000,000 annually and increasing thereafter to an eventual figure of \$100,000,000 or more annually.

The French government is willing to drop the so-called "security clause," a guarantee for lower payments should French capacity be diminished by lowered German reparations receipts or other causes. However, it develops that the French want some sort of assurance, probably in the form of a "gentlemen's agreement," that they will not be pressed if subsequent circumstances limit their capacity to pay.

Diplomats say that a tacit understanding has already been made to cover this point.

France was said to be ready to pay as high as \$120,000,000 annually in the later stages of the plan in return for the comparatively easy initial payments.

The session lasted less than 30 minutes due to Secretary Mellon's engagement for a 10:30 A. M. cabinet conference, but the conferees will meet again at 9:30 A. M. tomorrow bent on hastening a settlement.

There were indications today that some of the American commissioners would not be satisfied with the \$15,000,000 initial figure since it represented only about \$5,000,000 more than the French are now paying as interest to the United States.

FRENCH NEW OFFER MADE PUBLIC

Washington, April 23.—France today made a new offer to settle its \$4,377,000,000 debt to America.

The terms, the United Press learns, as presented to the American debt commission by French Ambassador Berenger, were:

1. Annual payments of \$25,000,000 for the first five years.
2. Payments of \$60,000,000 to \$80,000,000 per year for the next five years.
3. Payments of \$120,000,000 per year for a period of fifty-two years.
4. France dropped a previous demand for insertion of a "security clause" in the agreement after having been assured that her paying capacity would be taken into consideration should it be seriously impaired during the period of refunding the debt.

It is understood that France seeks however, assurance that she could, in case of extreme need, have a two-year period of grace or reduced terms—the difference to be made up in following years.

Paris, April 23.—Premier Briand today told the chamber of deputies committee on foreign affairs that signature of the Mellon-Berenger French debt funding agreement was imminent in Washington. He said he would resign if the chamber refused to ratify the accord, provided it is approved by the American debt funding commission.

The importance of debt funding to France is so great, Briand said, that he would make ratification by

CHAS. E. VASALY MAKES VARIED RECOMMENDATIONS

ASKS INSTALLATION OF UNIT OF STATE PRISON TWINE FACTORY

MANUFACTURE OF AUTO LICENSE PLATES, DOING STATE PRINTING, ETC.

St. Paul, April 23.—Recommendations for marked enlargement of industrial work at the St. Cloud reformatory were made public today.

The recommendations were made by Charles E. Vasaly, superintendent of the reformatory, and became public when submitted to the governor as a part of the report of the state board of visitors. The board makes no recommendations, merely citing the recommendations of Mr. Vasaly.

The proposals include: Installation of a unit of the state prison twine factory at the reformatory.

Enlargement of the woodworking shop to include manufacture of chairs.

Manufacture of auto license plates. Increase in the capacity of the print shop, and doing of state printing and bindery work there.

Addition of needed equipment to shoe shop, so better work can be done.

A unit of the prison twine plant would provide employment for 200 inmates, it is estimated, and the profit would reduce the cost of operation of the reformatory.

From 25 to 30 men would be kept busy all of the year in making auto license plates, Mr. Vasaly says, and he said would save the state considerable money. He also points out that they would learn a skilled trade including die making.

The print shop could use another type setting machine, a press and more bindery machinery, and with that equipment would be able to handle a large amount of state printing at a saving in cost to the state, Vasaly declares.

The shoe shop, he points out, lacks a sole sewing machine, and all soles now have to be pegged. With this system, the pegs do not hold good when the shoes become wet.

Vasaly also recommended that a gymnasium be erected, which would be of especial use during the winter.

The board praises the music department of the reformatory, declaring that it is now the largest in any American penal institution.

Industrial Commission Award Upheld by the Supreme Court

St. Paul, April 23.—(UP)—An award of damages by the state industrial commission was upheld by the supreme court today.

Herman J. Meyer, former employee of the Royaltown Oil Company, owned a motor truck and delivered oil for the firm to customers at Royaltown, Rice, Little Falls and other nearby towns. One night his truck collided with a freight train and he was injured.

The oil company protested payment of the industrial commission's award of damages, alleging Meyer has no regular route and was at the time of the accident not engaged in company services.

The industrial commissions award was upheld.

ESCAPES CHARGES OF FORGERY BY SHOOTING HIMSELF

Lemmon, S. D., April 23.—(UP)—Beggings officers to let him visit his home alone, Carl W. Hose escaped forgery and embezzlement charges by shooting himself. He died last night.

Hose was president of the Lemmon State Bank, recently closed. He was arrested in Minneapolis and was on the way to jail at Bison in custody of Sheriff James C. Twilford. At home he obtained a revolver, went into the yard and fired a bullet through his brain.

The chamber a question of confidence in the government.

The premier eloquently advocated the terms tentatively agreed upon in Washington.

LAKE LILLIAN GASOLINE HERE

John Nordin of Brainerd Brings
Sample From Axel Lund-
quist's Well

EXAMINES PHENOMENON

Restaurant Man Has 600 Gallons of
His Output
Barreled

John Nordin of Brainerd was down at Lake Lillian where he saw the gasoline spring in the basement of Axel Lundquist, a restaurant man. He has three wells in his basement, one is 19 feet deep, another 12 feet and one only nine feet in depth. Nordin tasted the water from the drive well driven into the basement and supplying the kitchen. It has an oily, salty taste and isn't a bit palatable. Lundquist it is said, also dug a well outside the restaurant, but that tasted bad too.

Nordin's brother-in-law, Arthur Johnson, lives at Lake Lillian and Nordin visited him. The well at his place also gives brackish water. Mr. Nordin secured a pint bottle sample of the gasoline flowing from one of Lundquist's wells. It is perfectly white in color and smells as good as any gasoline on the market. Some of the gasoline was spilled on the floor of the Northern Pacific railway shops and responded to all gasoline tests.

An oil expert examined the wells, the gasoline and secured other data at Lake Lillian, but was very reticent as to his conclusions. In fact he didn't say a word and returned to the big oil firm that had sent him.

Lundquist regularly uses his gasoline in his flivver and truck and hasn't stalled yet or plugged his spark plugs. The flow of the wells is from 12 to 18 gallons a day. Lundquist is cornering all the pint bottles in the neighborhood and selling pint samples of the gasoline. On Sundays long lines of farmers and tourists make their way to Lake Lillian to look at the wells and gasoline and nearly every one carries home a pint sample.

Some jealous outsiders have cast the slur that maybe Lundquist's wells had punctured some garage's gasoline line, but that is impossible as the garage tanks are three blocks away and rest on elevated foundations. Lundquist to date has gathered 600 gallons from his wells and has it all nicely barreled, waiting for the Standard Oil company to buy it.

Mr. Nordin examined the ground and found it red loamy clay, very hard to pick. Lundquist sunk his holes with a post auger. To get the gasoline the restaurant man lets down a pail on the end of a rope. It quickly fills and is then hoisted up.

Mr. Nordin placed his bottle of Lake Lillian gasoline on exhibition at the Brainerd Dispatch offices.

Lake Lillian is a town about the size of Pequot, was founded three years ago and is on the Luce electric line. It's in a real farming country. An Oklahoma oil outfit, is reported to have leased 6,000 acres in the vicinity, said Mr. Nordin.

"FOLLOWERS OF THE GLEAM"

Interesting Program Presented at
Their Monthly Meeting
Saturday

The Followers of the Gleam held their regular monthly meeting Saturday afternoon. The president, Kathryn Carmichael, called the meeting to order and all joined in singing "Jesus Saves."

Following the usual round of business, Evelyn Wise took charge of the afternoon program and "Digging for an Answer" from "Brave Adventures," was read. Interesting was the account of John G. Paton, who with his wife and little daughter, landed on the coral shores of the New Hebrides, 1858, the first missionary to give a helping hand from the civilized world, to the naked savages, who adorned with feathers stuck in their twisted hair, daubed with paint of many colors, and armed with muskets, clubs and spears were none too gracious to their helpers.

Four years later, while on the island of Aniwa, with no hills to attract the clouds and a consequent scarcity of rain, Mr. Paton surrounded by a crowd of incredulous natives, began to dig through the sand and coral in search of water. "Oh Missi," cried the old chief, in remembrance, "rain comes only from above," how can you expect our island to send up showers of rain from below? Paton beguiled the natives to help him, by the promise of English fish-hooks, and after much effort water was at last obtained.

"Rain, rain," shouted the old chief, "Yes, it is rain, but how did you get it?"

"Jehovah, my God, gave it out of his own earth in answer to our labors and prayers," replied the missionary.

This was followed by the old chief ordering his people to go and bring the idols of Aniwa, saying "Let us burn and bury and destroy these things of wood and stone and let us be taught by the Missi to serve the God who can hear, the Jehovah who gave us the well and who sent His

Son Jesus to die for us and bring us to heaven."

When Dr. Paton returned to England in his later years, he was greeted half in jest, half in earnestness, as the "King of the Cannibals." In the deepest sense, the words were true. His adventurous, consecrated life had brought a new world of interest and aspiration to this portion of the human family.

The cross word puzzle followed, the reading from which the greatest number of words were guessed by Kathryn Carmichael. The program closed with a piano solo, "The Wayside Spring," Frederick A. Williams, by Rachel Evans.

A different feature was later introduced, that of the Query club given on page 30, of "Everyland." It is to be noted that the Everyland magazine is now at the Public Library and old and young can enjoy the interesting stories and puzzles. A pleasant social time was enjoyed with the serving of refreshments.

RIOTS BETWEEN HINDUS AND MOSLEMS PERSIST

Calcutta, April 23.—(UP)—Riots between Hindus and Moslems were resumed in the narrow lanes of the northern section of the city. Twenty persons had been taken to hospitals following injuries in the resumed hostilities at noon.

Comparative calm had been restored last night following action of the police in firing on rioters after a day of disorder in which four persons were killed and 20 wounded.

Communal riots occurred in several Indian cities a fortnight ago, resulting in the deaths of more than 30 persons. The jealousies of the rival sects caused the trouble.

The unexpected renewal of trouble today caused the closing of many shops in the European shopping area, including the central market.

SUSPECTED OF ROBBING POSTOFFICE

Sioux City, Ia., April 23.—(UP)—Suspected in connection with the robbery of the South St. Paul post office in April, 1924, a man giving the name of Bobby Henderson was arrested here late Thursday by six post office inspectors.

He was taken to St. Paul last night.

Henderson also is wanted for the holdup of a dairy company payroll at Denver and in St. Louis for escape from federal inspectors.

HORSES STRAY ON ICE; ONE DROWNED

(Special to Dispatch)

Kimberly, April 23.—Two horses owned by Charles Larson strayed on the slush and ice of Dam Lake, about four miles from here yesterday, the one drowning when it broke through the ice and the other being saved from drowning by the rescue work of farmers. It is believed that the horses were driven on the ice from the recent grass fire there looking for food.

Gustavus Adolphus College Drive. Red Wing — Gustavus Adolphus college has already raised \$347,000 in its drive for funds and has \$100,000 coming from the Rockefeller foundation, President O. J. WHITE EAGLE OIL COMPANY STATION

Bulk Station Has Been Established
Near Front and Tenth

SERVICE STATION PLANNED

Representative of Company, L. R.
Krause, Makes Survey of
Business Conditions

The White Eagle Oil and Refining Co., of St. Paul, have opened a bulk station near the corner of Front and 10th street and is contemplating employment of distributors. Plans are under way for the erection of a service station in the near future.

The White Eagle Oil and Refining Co., are successors to the Manhattan Oil and Linseed Co., having purchased their interests about five years ago.

Originally the White Eagle Co. started with 40 units, a unit comprising either a bulk or service station. Today they are operating in 11 states approximately 700 units. It is needless to say that volume and distribution was rebuilt upon cardinal requisites any refiner should adopt, these being quality, service and fair competition.

The representative, L. R. Krause, divisional manager, is anxious for his company to become an active unit among Brainerd's business and wishes to assure the city that the company will comply with all the rules and regulations as well as ordinances of the city.

While it is true that in Brainerd there are a number of oil companies and that in this instance the old adage proves itself "the more the merrier," Mr. Krause expects some real cooperation. He has been in the oil game for the last 14 years.

RAIN BREAKS DROUGHT NEAR OMAHA, NEB.

Omaha, Neb., April 23.—(UP)—Rains in many sections of the state today broke a draught of many weeks and probably will save the Nebraska wheat crop. The rain is expected to spread over the entire state today and tonight. About 1,000,000 acres of wheat were endangered by the continued hot dry winds.

SENATE ELECTION COMMITTEE THROWS OUT BURSUM CONTEST

Washington, April 23.—(UP)—The senate elections committee voted today to throw out the contest of former Senator H. C. Bursum to unseat Senator Samuel Bratton, democrat, New Mexico. The committee decided that a recount was unnecessary, thereby coinciding with Bratton's contention that even allowing for votes showing discrepancies, he had a winning margin.

WORK FOR CHRISTIANSON RE-ELECTION

FORMATION of a state-wide volunteer committee to work for the re-nomination of Governor Christianson has been announced. J. F. Jacobson, of Madison, Minn., will be chairman.

"We are for the governor strong," says Mr. Jacobson. "We know him to be a square-shooter, honest and independent. The people have faith in him. He has made good and is entitled to a second term. We believe the citizens of Minnesota want economy and good government and we believe an honest and efficient executive should be retained, and such citizens should carry the burden of the campaign as much as possible, so this committee was formed. We welcome the cooperation of all citizens of Minnesota, and others will be added to the committee as the campaign goes along.

"The Christianson administration has made a start in establishing the budget system and in reorganizing the state government. It has been vigorously opposed to increases in state and local tax expenditures and to the creation of new offices. Constructive methods have been adopted to discover more effective methods of checking crime. Successful leadership has been given to the movement for the development of waterways as a means of curbing the cost of transportation. The governor has refused to take dictation from selfish interests. He has a definite program of public service which he pursues without regard to political consequences. As a result he has made a few enemies—and many friends."

THE DELIGHTS OF A GARDEN

THE delights of a garden are three-fold, anticipation, cultivation and realization. In the preparatory stage one studies wonderful seed catalogs, scans glowing pictures of flowers and vegetables, talks with his neighbors on what to raise and when to plant, digs up his lot with a spade or hires the plowing done. Oftentime fishing intervenes with the gardening and Ma and the kids pick up the white man's burden and do the heavy work.

After the soil is prepared comes the planting. There are rows and rows of beans and tomatoes, radishes and peas, and other vegetables. Gladioli chum with sweet peas, roses with asters. We hope we enumerated the right flowers.

Sprinkling entails quite a job and if Pa isn't on hand, then Ma does it. The cultivating is generally done by Ma and the children.

Eventually, if the garden patch has survived drought, heavy winds, neighbors' chickens and other disturbing influences, the vegetable crop is harvested. That's when Pa does the bragging about "our" or "my" garden. Through all these operations one visions the fact that Pa has been planning and figuring while somebody else has been doing the heavy work. Pa is long on the philosophical end of things, but the practical work has been done by the rest of the family. However, if there is a good home managership plan in effect, Ma will be able to get some work out of Pa beyond which he allots to fishing and mowing the lawn and tinkering with the automobile.

NO ARMISTICE IN SIGHT

BRAINERD'S mayor-council-police row is still on without any indication of an armistice being signed. To date the chapters in the drama are about as follows:

Mayor appoints a police chief. Council fails to confirm. Mayor discharges a patrolman and council hires discharged man as a watchman and fire inspector.

Mayor appoints a new patrolman but council fails on confirm appointment.

And the battle rages for the amusement of the citizens. Get together, gentlemen. Brainerd is too good a town to let petty appointments cause the revolution now in full swing.—*Little Falls Daily Transcript.*

HOW TO GET A GOOD LAWN

A NEW thing in seeding grass is the method adopted by William V. Turcotte, who is improving a boulevard strip on North Sixth street from Gregory park to Kingwood street. He mixes black dirt, grass seed and fertilizer in a cement mixer, then distributes it evenly over the raked surface, uses a straight edge from curb to curb to secure uniformity of deposit, rolls it and sprinkles it.

"When you've followed that plan you have an A No. 1 job and can bank on a perfect lawn," said Mr. Turcotte.

CONGRATULATIONS TO BEMIDJI DAILY PIONEER

THE BRAINERD DISPATCH begs to congratulate the Bemidji Daily Pioneer which had its birthday on April 20, and launched upon its twenty-fourth year. Comparing the present paper with earlier issues one finds notable steps achieved in progress, reflecting also the growth and added importance of Bemidji.

THE BRAINERD DAILY DISPATCH, by the way, is just a year and a half older than its Bemidji contemporary.

Colorful Locale for Giant Sea Melodrama

The east coast of Africa, admittedly one of the most romantic spots in the world, is the colorful background for the thrilling action of the major part of "Sea Horses," Allan Dwan's spectacular sea melodrama, playing at the New Park to-

night and Saturday, 2 days only, matinee and night.

The story, which was adapted from the exciting novel by Francis Bret Young, details the thrilling adventures of a lovely, cultured English girl, who comes to one of the seldom visited ports on this coast in search of her handsome Italian husband.

AMERICAN WOMEN TO STUDY WORKING OF THE DRY LAWS

MAY SO DECIDE AT CONVENTION
OF NATIONAL LEAGUE OF
WOMEN VOTERS

MRS. JAS. W. MORRISON ADMITS
CERTAIN PRESENT CONDI-
TIONS ARE TERRIBLE

By MARK W. CHILDS
(United Press Staff Correspondent)
St. Louis, April 22. — American women will study the workings of the prohibition law if delegates to the seventh annual convention of the National League of Women Voters have their way.

Dispersing to their homes as the convention came to a close today a majority of the presidents of state leagues announced their intention of recommending the study of prohibition and possible prohibition legislation to their respective leagues. This determination came largely as a result of yesterday's clash on the convention floor, when the delegates urged that a resolution expressing opposition to any change in the 18th amendment be put over for study.

"Women have long been studying the prohibition law and its workings," Mrs. Charles E. Elliott, Baltimore, president of the Maryland state league, said. "Particularly have members of the league been turning their attention to it of late."

"We may make it a subject for official study in Maryland," Mrs. Elliott said. "I, myself, am unalterably opposed to any change in the law and in my entire experience have not found a woman who favors a change in the 18th amendment."

Mrs. James W. Morrison, Chicago, president of the Illinois league, pointed out that the league already had provisions for study of the pro-

hibition law and its workings. She said that she would take up with her state board the question of giving it an official place on the state's program.

"Certain conditions are terrible under the prohibition law, everyone must admit," Mrs. Morrison said. "But I believe that enforcement has never been given a fair trial. As I see it all attempts at modifying the law to permit light wines and beer are in violation of the provision of the law which defines intoxicants."

"You cannot say a thing is not an intoxicant when it is. And the law cannot be repealed."

than beauty-parlor beauty

WHAT a forlorn figure she is . . . haunting the beauty parlors . . . eternally brooding . . . wondering, worrying. Where had her beauty gone? Her glorious complexion?

There are millions of women in the world today who need much more than beauty-parlor beauty—who need only to correct that great affliction—constipation. What a blessing it is that Kellogg's ALL-BRAN brings sure, safe, permanent relief from this vicious disease.

Kellogg's ALL-BRAN brings sure relief because it is 100% bran. As it journeys through the body its fiber remains unchanged. Doctors call it a bulk food.

If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief from constipation or your grocer refunds the purchase price. In chronic cases, eat ALL-BRAN with every meal. Its delightful nutty flavor makes it good as a cereal. Serve with milk or cream alone or with fresh or preserved fruit; sprinkle over other cereals or cook with hot cereals; use in soups, or in the recipes given on every package.

Insist on Kellogg's ALL-BRAN. Only ALL-BRAN brings sure results. Kellogg's is the original ALL-BRAN. At all grocers. Served in leading hotels and restaurants.

BRAINERD TENNIS ASSOCIATION FORMED

15 LOVERS OF SPORT ORGANIZE IN BRAINERD

DR. P. E. HERMANSON ELECTED PRESIDENT OF ASSOCIATION

FLOYD NELSON SECRETARY AND MISS ELEANOR NOLAN TREASURER

A group of 15 lovers of tennis met last night at the Chamber of Commerce and organized the Brainerd Tennis Association, an association organized to create a bigger and better interest in tennis in Brainerd.

The following officers were elected: President—Dr. P. E. Hermanson. Vice President—Lawrence Ericson.

Secretary—Floyd Nelson.

Treasurer—Miss Eleanor Nolan.

The first matter of business presented was the distribution of tickets for a "benefit movie" to secure funds to build an addition of one concrete court to the one now in use at Gregory Park. The object in giving this benefit show is to obtain the sum of \$100 or more towards the expense of laying the additional tennis court. The court complete will cost about \$250. The Park board has consented to see the association through for the balance of the expense.

With the erection of the first concrete tennis court in Brainerd, the interest in the game increased to such an extent that it was impossible to accommodate all those who wished to play.

Mrs. A. C. Weber, who with others worked so hard to get the first court, has taken up the work of securing a second court for the city.

With the organization of the tennis association, tennis, it is hoped, will soon loom up as a close contender with golf and baseball.

Fifteen hundred tickets for the benefit movie to be held at the Lyceum Theatre, May 6 and 7, are being distributed around the city among those interested in tennis.

The picture, "Let's Get Married," starring Richard Dix and Lois Wilson, is classed as a knockout.

Mr. Hiller, manager of the theatre has offered the following prizes for the best ticket sellers: first prize, pass to all movies for three months; second prize, pass to all movies for two months; third, pass to all movies for one month. The winner will have his choice of either a tennis racket or the three months' pass to the theatres.

The Hoover people, manufacturers of the "Hoover Suction Sweepers" have furnished the tickets free of charge for the advertising space at the back of the tickets.

A junior tennis association will be organized shortly under the leadership of the senior association. The association will meet once a month. By-laws will be drawn up for the next meeting which will be presented to the park board for their ratification.

The following committee was appointed to draw up the by-laws: Professor W. C. Cobb, chairman; Dr. C. E. Anderson and Alfred Dillan.

Anyone who is interested in tennis is invited to enroll as a member of the association.

After the "movie benefit," the tournament committee, which will be appointed at the next meeting, will draw up a schedule for a local tournament as well as tournaments with other cities. These will comprise both junior and senior classes.

CLAIMS ATHLETE MURDERED BECAUSE HE PLAYED STRAIGHT

Chicago, April 23.—(UP)—Reports that Andre Anderson, prize fighter and wrestler, was murdered for failure to comply with the demands of gamblers that he "throw" a bout with Wayne "Big" Munn were placed before authorities today for investigation.

Anderson was shot down and killed in a Cicero, Ill., saloon nearly two months ago. Police at the time followed a theory that Anderson had been involved in a beer war.

Today, however, Chief of Detectives Schoemaker announced he was in possession of information tending to show that Anderson's murder was brought about because he had failed to "lay down" and allow Munn to win in a boxing exhibition at Kansas City.

Wally Pipp Denies He's Out of Baseball Sport

Wally Pipp, for 11 years first baseman of the New York Yankees and now guardian of the same position for the Cincinnati Reds, disagrees with the critics who have counted him out as a big-league ball player.

"I expect to play regularly for four or five years," says Wally. "If I didn't think I was good for several more years I would not report to the Reds. I have no idea of playing minor-league ball, and I have no intention of hanging around a big-league bench waiting for a chance to go up and pinch hit for somebody else."

BUD TAYLOR SOON TO FIGHT TOMMY RYAN

Chicago, April 23.—(UP)—Bud Taylor, Terre Haute, Ind., bantamweight, will fight Tommy Ryan, McKeesport, Pa., at Louisville, May 14, the night before the derby, according to an announcement made here.

It will be Taylor's first fight since the unfortunate affair with Clever Sencio at Milwaukee last Monday night. Sencio died the morning following the fight.

Some doubt still exists as to whether Taylor will go through with a scheduled fight here a week from tonight with Harold Smith, but it is thought that it is unlikely he will.

CROW SHOOTERS CALLED TO ACTION

At a meeting of the Crow shooters last night in the Chamber of Commerce rooms, it was decided to eliminate having two teams competing against one another as has been the custom in the past. It is requested that every one whether a member of the club or not get out Sunday, April 25, and shoot the crow.

Crow bills should be turned in to either Elmer Olson or Harold Kalland by Monday night. This is a state wide proposition and prizes worth while will be given to the highest individuals or club shooting. The state allows the shooting of crows from a vehicle on April 25.

Lots of Speed Here

From chasing opponents in the humpen square to chasing whippets is a far cry, but here we have the well-known Sammy Mandell, who heads the list of championship lightweight material, compiled by Tex Rickard. This picture shows Mandell with Pit-a-Pat, seven-months-old whippet, at Hollywood Heights (Cal.) Polo club.

Pitching Rarely Uniform

Walter Johnson, Ed Rommel and Dazzy Vance were the only big league pitchers who won as many as 18 games in both 1924 and 1925. Ray Kremer appeared in the 1924 list and he showed a better percentage in 1925, but in helping Pittsburgh win the National league pennant he won 17 games. These four men—two in each league—were then practically the only big winners two years in succession.

Sport Notes

Chicago with 131 golf clubs in its district leads the country.

Who remembers the old-fashioned furore over Red Grange?

Toronto has 1,192 hockey teams playing on the public rinks there.

The University of British Columbia contemplates introducing American football.

"Pop" Warner's Stanford university football eleven will play nine games this fall.

Legal action has been begun to prevent Massachusetts letting down the bars to Sunday professional sports.

The women's world record for the discus throw is 80 feet 2 inches, held by Miss Nellie Carroll of Florida State college.

The national amateur baseball tournament will be held in Philadelphia this year in connection with the Sesqui-centennial exposition.

Miss Helen Johnson of Spokane, Wash., sister of Alfred Johnson, one of America's premier jockeys, is fast winning fame as a rider.

George Whitted, former big league star, member of the Boston Braves, which won the world series in 1914, has been secured to coach the Duke nine.

Many of the old baseball stars, according to sporting-page accounts, are "predicting a big year" for themselves. The good old stars. It is to be hoped they are right.

The seventy-year-old Iowa farmer who claims he could "give Jim Corbett a boxing lesson" is slightly reminiscent of father helping Willy out with his trigonometry.

Watching the Scoreboard

Yesterday's Hero—Phil Todd, first baseman of the Boston Red Sox, who hit two homers, one in the 10th bringing about a 9 to 8 victory over the slugging Yankees.

A four run rally at the expense of Ulrich gave the Braves sufficient margin to win a 6 to 2 battle from the Phillies.

Although Hargreaves hit two home runs and the Browns made five double plays the Chicago White Sox pounded out an 11 to 7 victory.

The Pittsburgh Pirates lost the opening game at home to the St. Louis Cardinals when Chick Hafey hit a homer in the 10th inning. The score was 5 to 3.

Brooklyn's formal opening was spoiled when the Giants collected 17 hits and won easily, 11 to 4. Dazzy Vance was pounded unmercifully.

Chicago and Cincinnati battled for 11 innings and ended up in a tie at 5 all.

The Athletics dropped a game to the Senators, 8 to 2, when Dutch Reuther proved a puzzle to the Mackmen.

Pounding three Louisville pitchers for 15 hits, the Saints slugged out a 12 to 9 victory.

Holding the Millers to six scattered hits, while his teammates got 14, Henry pitched the Indians to a 5 to 1 victory.

The Senators were leading 7 to 4 when they went into the last half of the ninth inning. Strand muffed a long fly and started the Brewers on a four run rally which gave them the game 8 to 7.

Rain prevented Kansas City and Toledo playing at Kansas City.

Joe Sewell, crack hitter of the Cleveland Indians, has two strikes on him more often than a great majority of the big-league players, yet is the headiest man in the American league to strike out.

PENNSYLVANIA RELAY CARNIVAL OPENED TODAY

COLORS OF 524 SCHOOLS AND COLLEGES REPRESENTED

EVERY AGE FROM GRAMMAR SCHOOL TO BULKY COLLEGE SENIORS

By HENRY L. FARRELL
(United Press Staff Correspondent)
Philadelphia, April 23.—Athletes numbering more than 3,000, representing every age and school from grammar school boys to bulky college seniors, were here today to compete in the opening day program of the 32nd annual Pennsylvania relay carnival.

Th colors of 524 schools and colleges were represented in the biggest entry list of years and the athletic nobility was represented by a number of Olympic, intercollegiate and world's champions.

All of the big eastern colleges sent teams and athletes came from Occidental College, California; Chicago, Michigan, Wisconsin, Ohio State, Dayton University, Oregon Aggies, Hamilton College, Canada; Marquette, Alabama Poly, Notre Dame, Furman, Lombard, City College of Detroit and Maryland.

The opening events of the carnival will be the first track features staged in the remodelled Franklin Field stadium of the university.

Th new double deck stadiums will accommodate a crowd of 80,000 and a half filled house is expected tomorrow.

Tomorrow's final events will probably draw the capacity if the weather conditions are favorable.

There are 41 events on today's program, starting with five events of the decathlon at 10 o'clock this morning. The afternoon program starts at 2 o'clock and continues until 5:25.

Among the more important events to be decided on the opening program are the interscholastic quarter mile championship, the college quarter mile championship, the distance college medley relay championship, the interscholastic medley relay championship, the two mile run, the sprint college medley relay championship and a special field event, the running hop, step and jump.

Des Moines, Ia., April 23.—(UP)—

With nearly 3,000 university, college and high school athletes here to compete in Drake university's 17th annual relay meet, which will get underway this afternoon, all records for number and quality of contestants in the history of the Drake games appear to be smashed. New world marks are predicted as a result of the close competition expected here today and tomorrow, one of which is anticipated at the stadium this afternoon when the University of Kansas quarter mile relay team takes the track against a worthy field. Kansas set a world mark of :48 flat for this event at their own games.

The University of Nebraska, with speedy Roland Locke running as anchor man, is expected to push the Jayhawk quartet to the limit in this race.

Medley relays for the college and university sections finals in a number of the high school events, half mile and mile relays for the championship of the Iowa intercollegiate association and preliminaries in the 100 yard dash and 120 yard high hurdles also are scheduled for today's preliminaries in field events.

Among the stars of the athletic world to be seen at today's meet are Werner of Illinois, Guthrie of Ohio State, Dye and Grumbles of Southern California, Weir of Nebraska, leading hurdlers in the country today; John Kuck of Kansas State Teachers' College at Emporia, and Clarence "Bud" Houser of the University of Southern California, the champion weight men of the country.

Charley Hoff, world's record pole vaulter from Norway will attempt to better his own mark of 13 feet 11 13-16 inches in a special event tomorrow.

BRUSH FIRE AT BAY LAKE

Fire Spreading, But Expected Under Control if Wind Does Not Grow Stronger

RHODES AT LONG LAKE

Took Personal Charge and Extinguished Fire in That Township

One new fire was reported to the county forestry department here today, that being north of Bay Lake. The fire is spreading but it is expected that it will be under control today if no high winds come up.

E. G. Rhodes, forest ranger here, was at Long Lake township yesterday where a fire broke out and where he took personal charge in putting it out. The fire was under control last night.

While there are a number of fires burning in the district today which firefighters are working on, there is no particular danger felt unless a high wind comes up which will bring the fires on again.

The fire yesterday in Long Lake township threatened property but the firefighters were able to avert any property loss of any extent.

SYNCO JAZZ REVUE

One of Most Ambitious of Finkelstein & Ruben Offerings Here Sunday

Heralded as one of the most ambitious road show productions yet offered by Finkelstein and Ruben, the Synco Jazz Revue, featuring a cast of twelve specialty entertainers will be seen at the New Park theatre Sunday matinee and evening in conjunction with the regular attraction.

Embellished with special scenic and lighting effects, typical of past productions, the revue includes Ackerman's jazz band and Flig Nelson, eccentric and acrobatic dancer. Ackerman's orchestra gained wide popularity among radio fans over WOA or Omaha and WAMD of Minneapolis. They have played in some of the largest and most exclusive ballrooms of the country and have headlined major vaudeville circuits.

TRUNK HIGHWAYS ARE FAIRLY GOOD

Today's bulletin reporting conditions on Minnesota Trunk Highways, indicates very little change from the conditions of last week, except for a few frost-boils and several blow-ups, caused by the sudden warm weather. However, these are not serious.

Restrictions limiting loads to two tons are still in effect on the following highways:

T. H. No. 4—Between Big Falls and Happyland.

T. H. No. 5—Between McGrath and Swan River.

T. H. No. 7—Between New Ulm and Sleepy Eye.

T. H. No. 10—Between Kerkhove and Murdock.

T. H. No. 20—Between Chatfield and Rochester.

T. H. No. 34—Between Cohasset and Remer.

T. H. No. 35—Between Aitkin and Grand Rapids.

T. H. No. 43—Between Winona and Rushford.

Detailed reports covering conditions of the so-called "Babcock roads" marked with the official yellow star, follows:

T. H. No. 2—Duluth, Brainerd, Wadena, Detroit and Moorhead—264 miles—Duluth, paved—Carlton, good—McGregor, fair—Aitkin, good—Brainerd, good—Wadena, good—Moorhead.

T. H. No. 18—Elk River, Milaca, Garrison and Brainerd—192 miles—All good.

T. H. No. 19—Brainerd, Walker and Cass Lake—97 miles—Brainerd—good—Walker, fair—Cass Lake.

T. H. No. 27—St. Cloud, Little Falls and Brainerd—66 miles—St. Cloud, paved—Belle Prairie, detour fair—Brainerd.

Tree Plantings Later

St. Paul — Arbor and Bird day came and went with inclement weather keeping school children indoors. Tree plantings will be later.

MOTHER'S DAY

Observed at the Northwestern Bell Telephone Co. Exchange Here

Today was Mother's day at the Northwestern Bell Telephone Exchange of Brainerd when the operators invited their mothers to attend a special function in their honor.

Fifteen mothers were in attendance at the local exchange, where the mothers were shown through the office. H. D. Hoffman, local manager, spoke briefly to the mothers welcoming them on behalf of their daughters. Miss Thelma Johnson gave a pretty dialogue and Miss Eleanor Frayer also gave a little speech. Refreshments were served by Miss Cecil Kampmann, chief operator, and Miss D. Conradson, assistant chief operator. After luncheon each mother was presented with a carnation.

Mother's day at the local telephone exchange office is an annual event, when the daughters honor their mothers in some fitting manner.

MAC MILLAN TELLS OF HIS NEXT EXPEDITION

EXPECTED TO START SAME FROM MAINE ON JUNE 19TH

UNDER AUSPICES FIELD MUSEUM AND FINANCED BY FREDERICK H. RAWSON

Kenosha, Wis., April 23.—(UP)—First plans of the next expedition of Donald B. MacMillan to the Arctic regions were made public by MacMillan in an interview today.

According to MacMillan, the expedition, which is being made under the auspices of the Field Museum and financed by Frederick H. Rawson, Chicago, old classmate of his, will start from Maine on June 19.

MacMillan declared that the purpose of this expedition is to find scientific proof that the Norsemen discovered America 500 years before Christopher Columbus landed on American shores in 1492.

The expedition will also seek zoological, biological and anthropological data for the Chicago museum. The Bowdoin, vessel in which Macmillan has already made four trips into the Arctic regions, will again carry the party.

Another vessel, the Sachem, owned by O. R. Metcalf, New York million aire, will accompany the Bowdoin. Metcalf, a veteran seaman, will be one of the party, which, according to MacMillan, will be composed chiefly of scientific men.

MacMillan said the expedition would take in northern Labrador, Baffin Island, Greenland and Ellesmere Island. The expedition will carry a complete line of radio broadcasting equipment and expects to broadcast its exact location in the northland every day.

MacMillan declared he plans to be gone about three months.

HUGE MERGER OF BANKS TAKES PLACE IN CHICAGO

Chicago, April 23.—(UP)—The bank founded by Vice President Charles G. Dawes, the Central Trust Company of Illinois, is to be merged with another downtown Chicago bank to form the city's fourth largest banking concern, according to reports in the financial district.

The merged bank would have deposits of about \$140,000,000.

Officials of both banks, the other is the State Bank of Chicago, admitted negotiations had been opened but so far had reached no definite stage. The fact, however, that the State Bank of Chicago recently purchased a desirable banking site and notified tenants they must move May 1 to make way for a new building was taken by many to indicate the two banks will join in erecting a skyscraper bank and office building.

Vice President Dawes founded the Central Trust Company of Illinois in spectacular fashion just after meeting defeat in a campaign for United States senator at the opening of the 20th century. He is still chairman of the board of directors and his brother, William R. Dawes, is a vice president in the institution.

JOINT PROGRESSIVE PLATFORM BY THE LA FOLLETTE GROUP

Madison, Wis., April 23.—(UP)—A joint progressive platform for the approaching general elections in Wisconsin when the voters will choose a United States senator, governor, attorney general, secretary of state, and secretary of the treasury, will be issued within the next two weeks by the La Follette-Blaine-Ekern group, according to an article appearing in the Wisconsin State Journal today.

"It was originally believed," declares the article, "that a platform would be issued by the state ticket and a separate platform by Governor Blaine when he announces his candidacy for the United States senate."

REDISCOUNT RATE LOWERED

New York, April 23.—(UP)—Under the upward impulse derived from the lowering of the rediscount rate of the Federal Reserve bank of New York to 3½ per cent, stocks mounted to new high levels on the current recovery in today's session. Shorts were entirely unprepared for this reduction and were forced to bid prices up on themselves in their efforts to extricate themselves from an uncomfortable position. Retirement of contracts for the decline was the principal influence in the strength displayed by speculative industrialists. But the assurance of comfortable credit conditions which the bank's action gave also played an important part in the day's rally, particularly in standard dividend paying rails such as B. & O., New York Central, C. & O. and Atchison.

MARKET QUIETS DOWN

New York, April 23.—(UP)—The New York stock market, which opened the day with a rush of trading, carrying many stocks higher than they had gone since the big slump in prices a few weeks ago, quieted down during the afternoon but closed with sales totalling 400,000 shares more than yesterday.

Sales today were 2,329,000 shares, compared with 1,734,800 yesterday.

F. S. PHILBRICK DIED WITH \$60,000 ON HIS PERSON

Litchfield, Minn., April 23.—(UP)—F. S. Philbrick, Port Huron, Mich., who died on board a train here on Thursday, carried \$60,000 in cash and checks on his person.

Philbrick was a representative of a bridge building firm and was en route to Williston, N. D., to bid on a proposed bridge across the Missouri river.

Not Friends

Barbara had been away visiting a near-by city.

Soon after her return I met her on the street, and stopping, said to her:

"Well, honey, I suppose that you and your mamma had a lovely visit with your friends?"

"They wasn't our friends," promptly replied Barbara, "they was our relatives."—New York Sun.

Their Object

"What is the idea of that procession just going by?" asked a recently arrived guest.

"Well, you know the boss is one of these fellows who stand around and watch other people work."

"Well, people began to take me for the boss."

"Know Thyself"

Turn thine eyes unto thyself and beware thou judge not the deeds of other men. In judging of others a man laboreth in vain, often erreth and easily sinneth; but in judging and examining himself he always laboreth fruitfully.—Thomas a Kempis.

Watering Grass

Grass watered when the sun is shining on it causes it to become burned, and if this practice is continued the grass will die out.

CITATION FOR HEARING ON PETITION FOR ADMINISTRATION

No. 2898
State of Minnesota, County of Crow Wing, ss., in Probate Court.
In the matter of the estate of Mike Stepanovich, also called Mike Stepanovic, Decedent.
The State of Minnesota, to All Whom it May Concern:
Whereas, M. M. Naumovic has filed in this Court his petition stating, among other things, that he is the Vice Consul of the Kingdom of Serbs, Croats and Slovenes, and is the legal representative of the heirs of the above named decedent; that said decedent died intestate, a resident of the County of Crow Wing, State of Minnesota, left property in the County of Crow Wing, state of Minnesota, and was a citizen of the Kingdom of the Serbs, Croats and Slovenes; and praying that administration of his estate be granted to J. R. Marshall.
Therefore, You are hereby cited to be and appear before said Court on the 10th day of May, 1926, at ten o'clock A. M., in the Court House in the City of Brainerd, in said County and State, and show cause, if any you have, why said petition should not be granted.
Dated April 13th, 1926.
(Probate Court Seal) L. B. KINDER, Probate Judge.
